

**NEVER STOP GIVING.  
NEVER STOP GROWING.  
NEVER STOP GATHERING.  
NEVER THE SAME CAMP**

NTS is a camp experience that will draw our students together in profound ways through powerful small groups, powerful worship and friendly competition. At NTS we will be challenged to be more dedicated followers of Christ. We will be challenged to take home with us what we've gained to impact our congregation and our community.

5 days. Never the Same.  
Houghton New York/July 18-24, 2010

# be the Revolution

June 9-13, 2009 | Lake County, IL

This Revolution is a revolution of LOVE. It's about taking Jesus' revolutionary love to the streets. It's about Christian teens living radically – like Jesus calls them to, making an impact here, now, serving the community and those in great need. It's about high school students from many different churches uniting as ONE for one cause: God's mission on this earth.

Revolution 2009 is a weeklong high school only local impact mission trip. We come together to serve, to learn, to worship, to pray, and to love each other, all with a great passion to make Jesus famous and to live the transformed life found in God's Word. Our prayer is not that this event will end when the week ends, but will be a lifestyle that we embrace through the relationships we build and the mission we've begun.
